

CVDC Sponsorship Why me?

The Connecticut Valley Driving Club holds a one day show every spring at the Haddam Meadows State Park in Haddam, CT. The club solicits sponsorships to fund it's prize list and give to volunteers. Without your help, this exciting sport would die out and a wonderful way of life would be lost.

If you would like to be part of this effort, there are several levels of sponsorship available. All include advertising of your business, product or service both on the grounds and in the prize list.

Our show is well-attended by a dedicated group of equine enthusiasts and farm owners who will see your advertising.

Levels of Donation

The level at which a business or individual wishes to donate varies widely. It can be anything from a business card sized ad in the prize list to a full sponsorship of an "Obstacle" or hazard, one of the exciting segments of the competition.

We encourage sponsors to get involved with the creation of the hazard, incorporating the theme of their business into the hazard itself, safety permitting. Products can also be shown elsewhere on the grounds. Advertising banners can be used and are encouraged.
